

BEST FRIENDS WITH BIG FEELINGS

# Hello Spring

Jo Lindley

Spring and her three best friends  
loved playing together.

All year round, they took it in  
turns to wear the weather crown  
and lead the games.

For months, Winter had led the games.  
Her friends had enjoyed making snowballs,  
snow angels and sledging through  
the frozen forest.

But today was a very important day.

Today, Winter would hand the  
weather crown to Spring and a whole  
new season would begin.

Spring pictured fresh green leaves swaying in the breeze,

vibrant flowers reaching up towards the sun,

butterflies flitting and birds swooping,

a dazzling symphony of colours.

“my friends!”
