

# Moonlight and the Storm by class4

Once up a time there lived a little dragon called Moonlight. He has shiny purple scales and green spikes along his back.

He lived with his mum in  
a cosy cave at night, he slept  
in a soft bed next to a  
warm fire.

Each morning, he flew to Dragon School. His wings were wobbly but getting stronger each day.

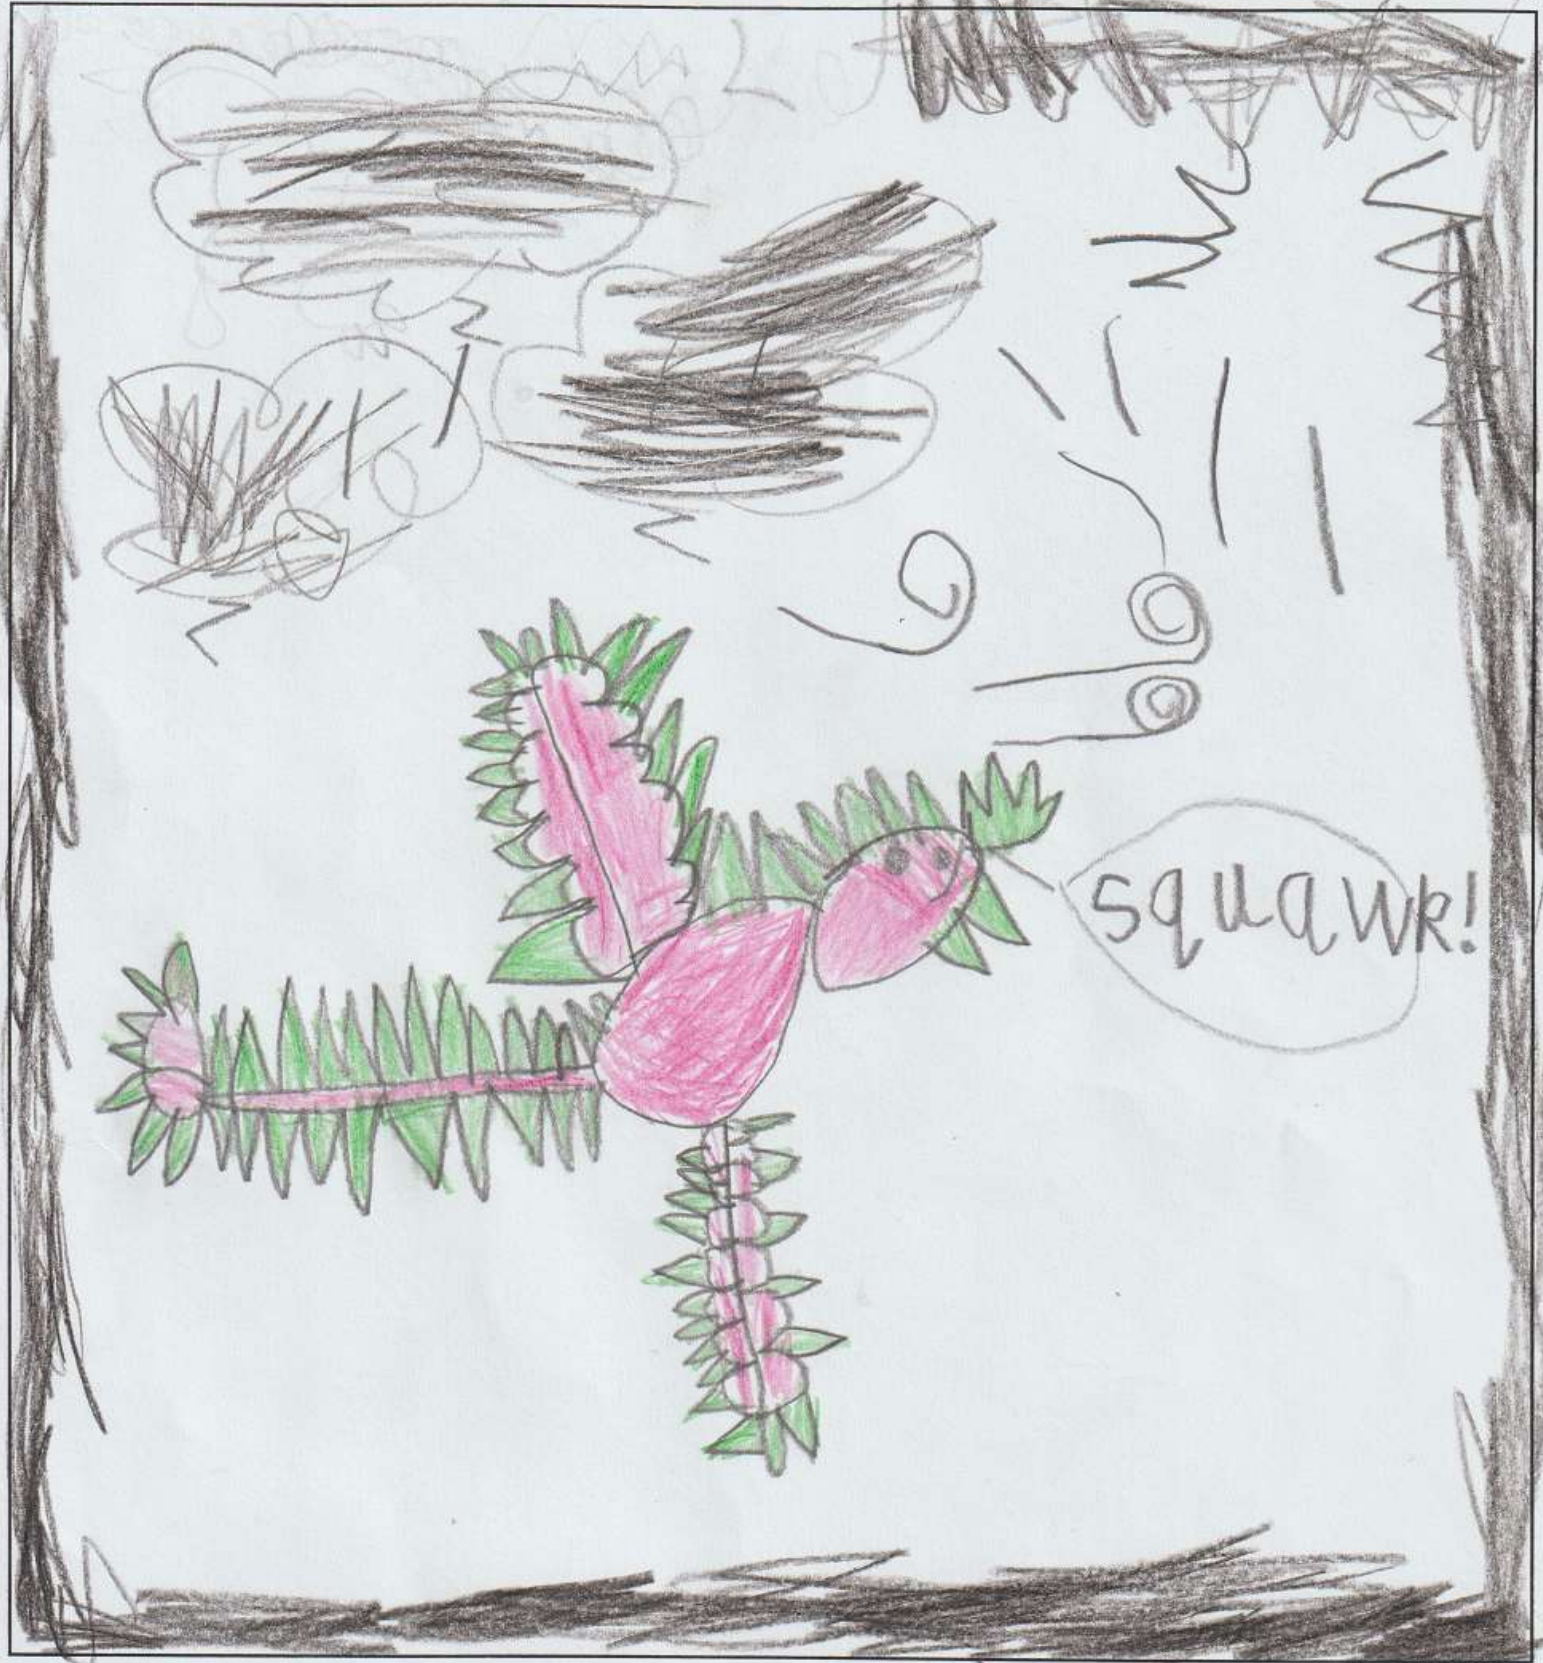

One morning as he set  
off for school he saw  
dark clouds above and  
below him.

Suddenly hard rain fell  
hitting his wings and stopping  
them from flapping. Lightning  
crashed and thunder rumbled all around  
him.

Moonlight tumbled through  
the air and let out  
a loud squawk.

Then he saw his mum  
She grabbed him in  
her claws and took him  
to safety.

Moonlight hadda lovey  
day at school and  
carried on learnin how  
to fly.

MOONLIGHT tries to fly to  
school but gets caught  
in a storm.
