

Rise and shine,  
little monsters!

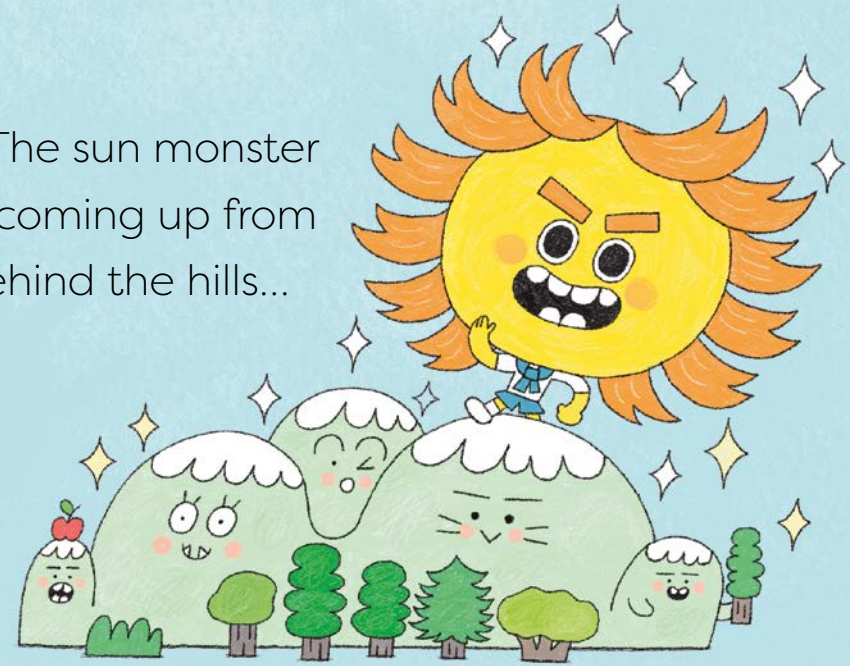

It's the start of another busy day in

# JOLLY MONSTER TOWN.

The sun monster  
is coming up from  
behind the hills...

The daffodil monsters are tooting their  
tiny trumpets...

And the post goose monster has some  
very special letters to deliver to Twiggy  
the Log Monster...

I am  
Chapter  
One

DING! DONG!

HONK!

The  
doorbell!

Twiggy swings her front door wide open. Yesterday, she invited all of her friends to a **sleepover party** in her garden. She can't wait to hear back from them!

The **post** goose  
monster opens his beak.  
Eight letters fall out.

Twiggy rips them open.

**Everyone** she invited can come!

Yippee! I'm going to make  
sure my first ever sleepover  
party is **perfect**.

Twiggy heads into the kitchen to get  
things ready.

**THUD!**

Something plops on to Twiggy's windowsill. It's

her friend Ralph the Pufferfish Monster!

What ho!

I thought you might need help setting up for your party.

Thank you so much, Ralph.

But I don't need any help. I've nearly got everything ready. Why don't you sit back and have a snack?
