

HOW TO

deal with

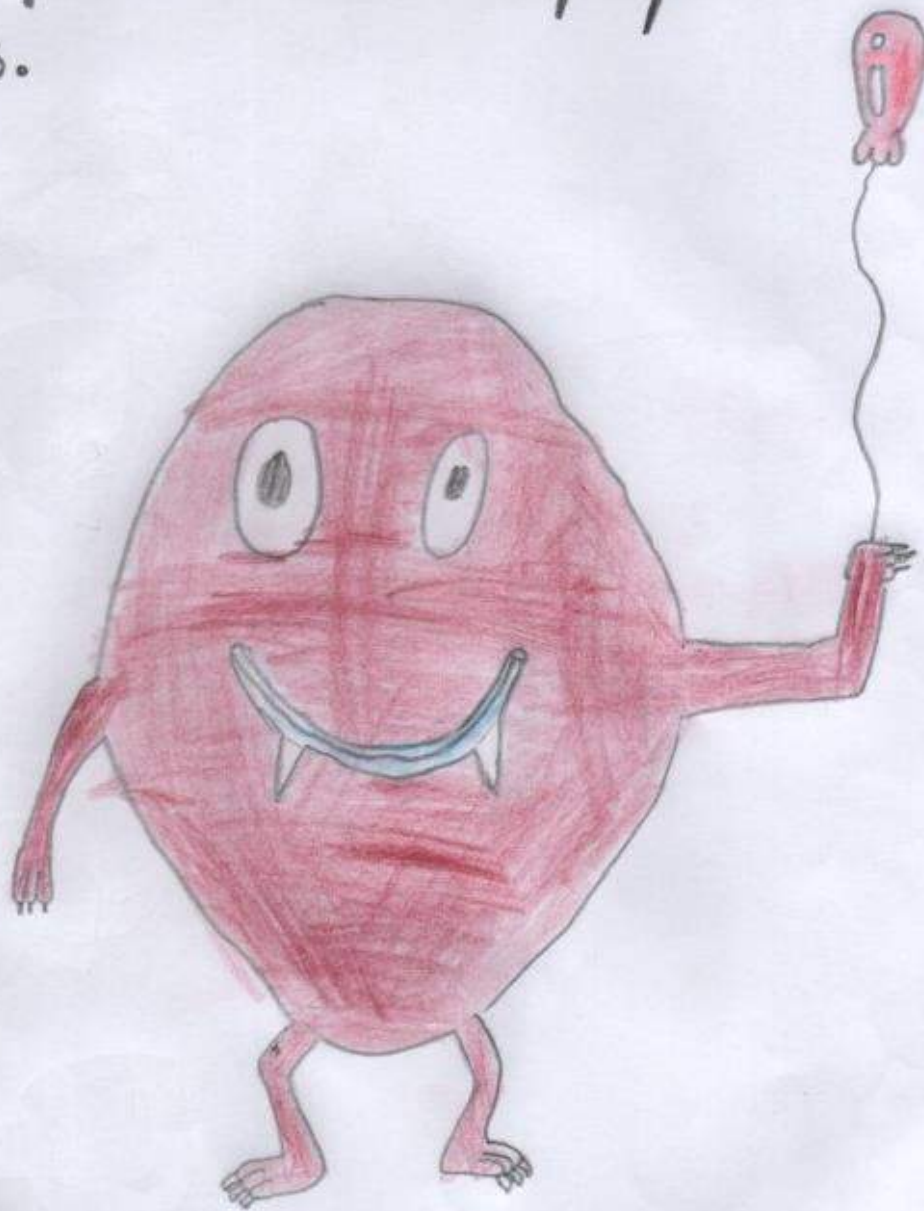

a

buggy - Whump

This is a bugly-whump. The bugly-whump has purple hair and has eggy breath. (And it lives in Borneo.) It has a bath once a year! It eats ants and roots. The females are dark purple and the males are this:

1

CLEA-

ning

Handwritten red scribbles and a large red mark.

Handwritten red scribbles and a small mark.

Remember! Bugly-whumps have a bath once a year!

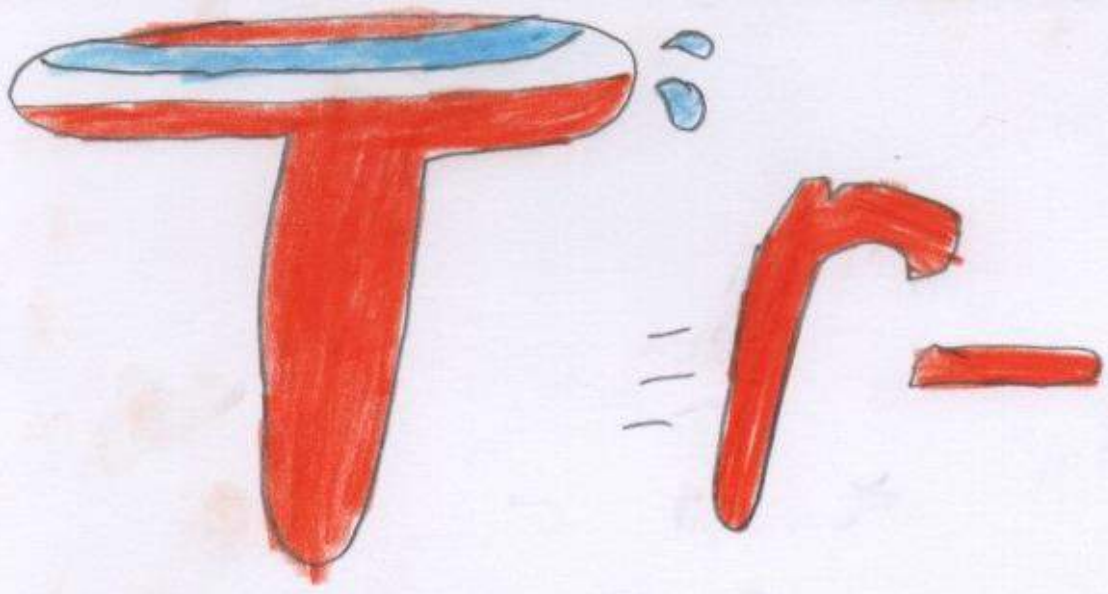

## Cleaning Tips

1. To get the dirt off you should get a very wet bath.

2. To get your bugly-whump smelling nice get some Super Rosey Shampoo.

3. Brush it's teeth twice a day.

dinning.

Never ever make a Bugly-whump  
watch TV or it'll become hypnotised  
and do the things on TV! (Also, don't  
give it popcorn.)

To get your Bugly - whump strong,  
you should get your Gym teacher to  
train it 4 days a week. But don't  
get it to hyped! Call a gentle vicar  
with a toy to calm him down.

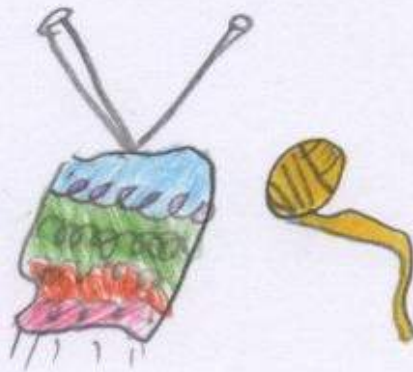

But! Don't let it be a gardener  
because....

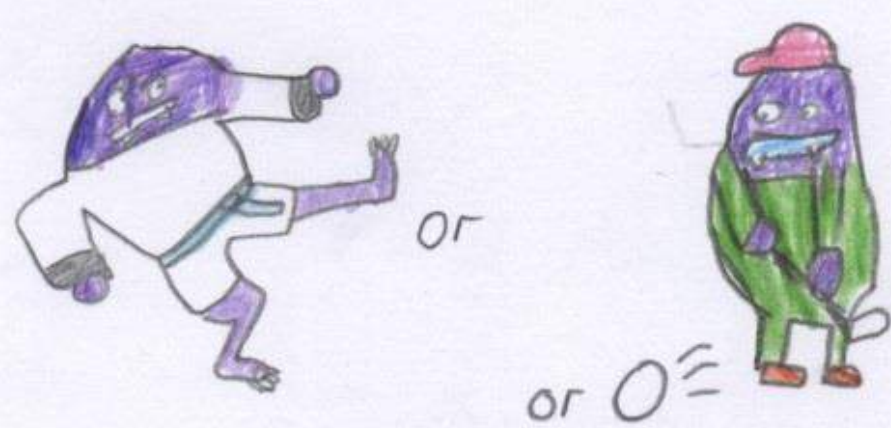

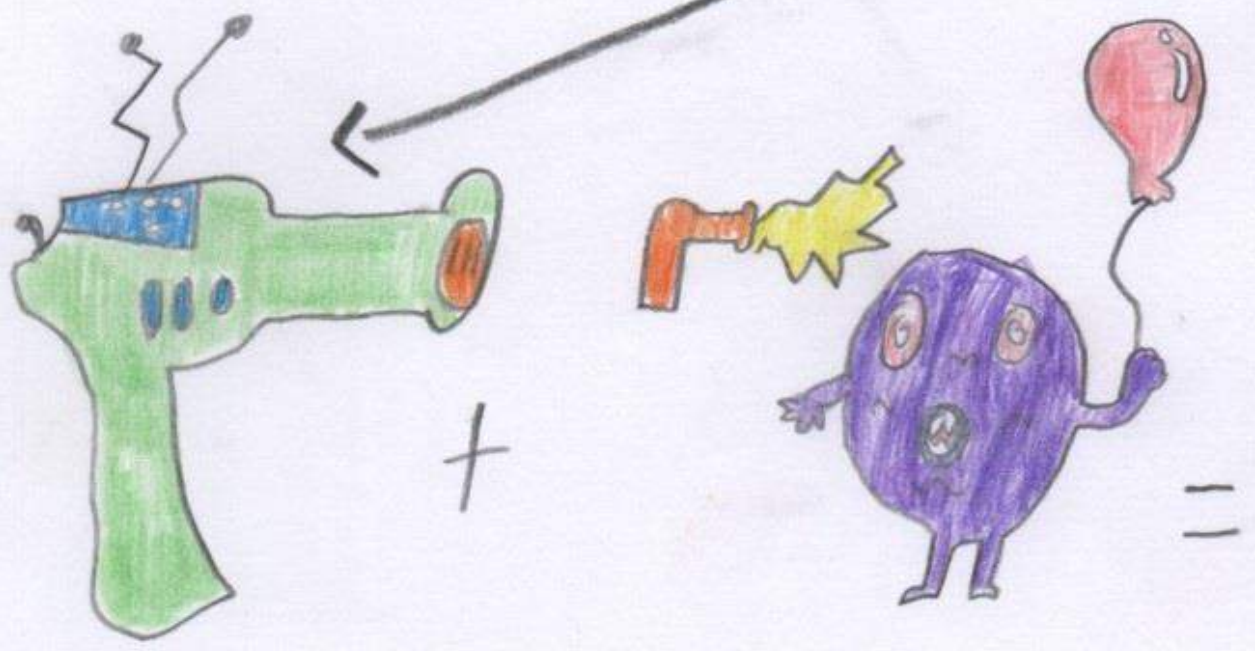

Hobbies

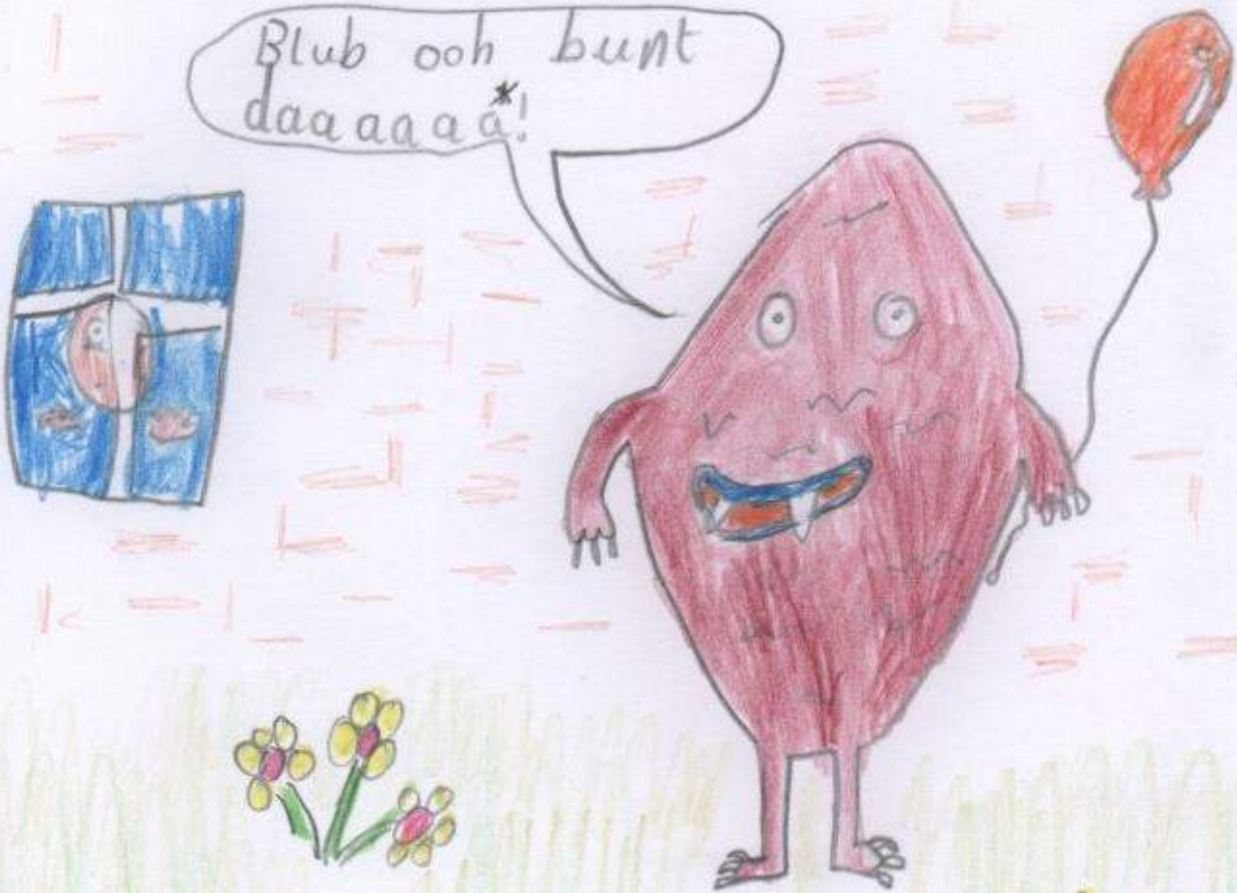

If you want your Bugly-Whump to be a pro at everything Zap it! With brand new Zapinator! The thing that everyone's talking about.

Gooodoooooal

If your looking out of your window then look out for this rare creature.

\*I feel great!  
goodbye!
