I have to change this to five.
Help! Asking!

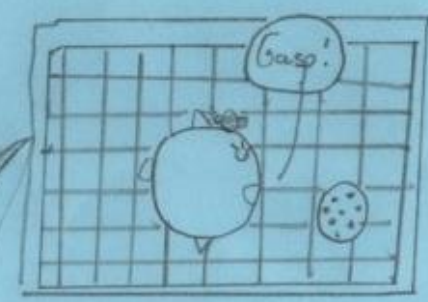

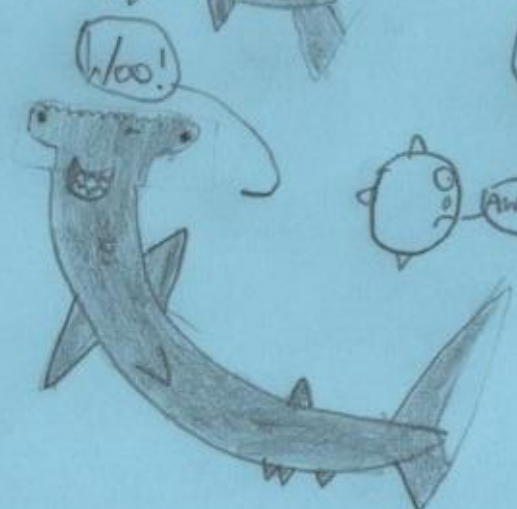

Once upon a time there was a boy called...

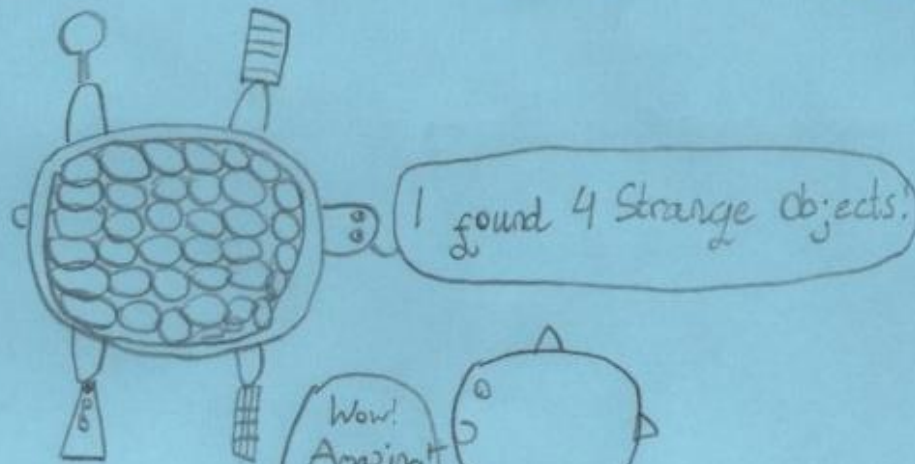

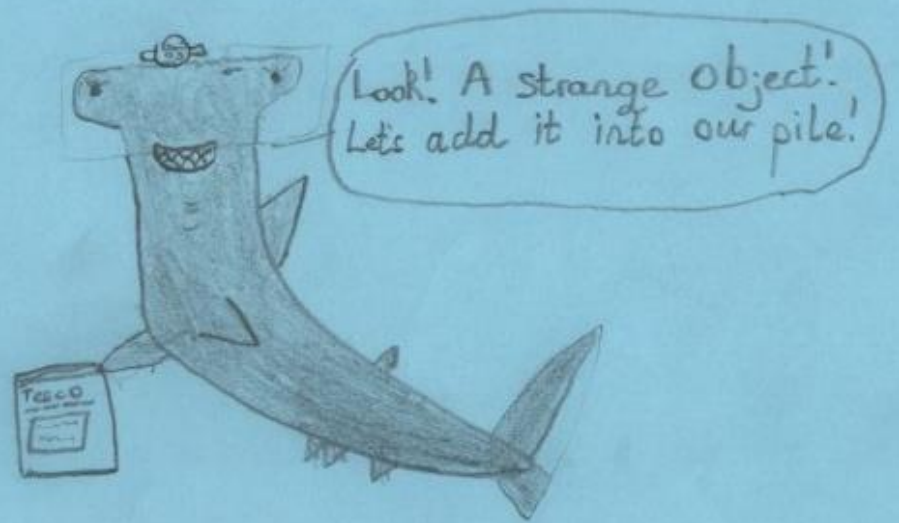

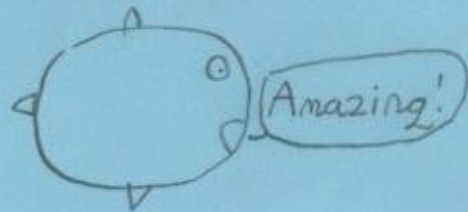

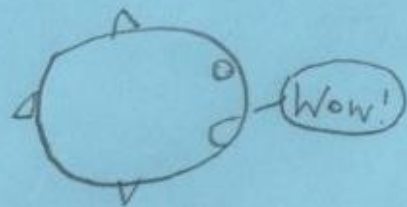

YAY!

WE ARE LOOSING!

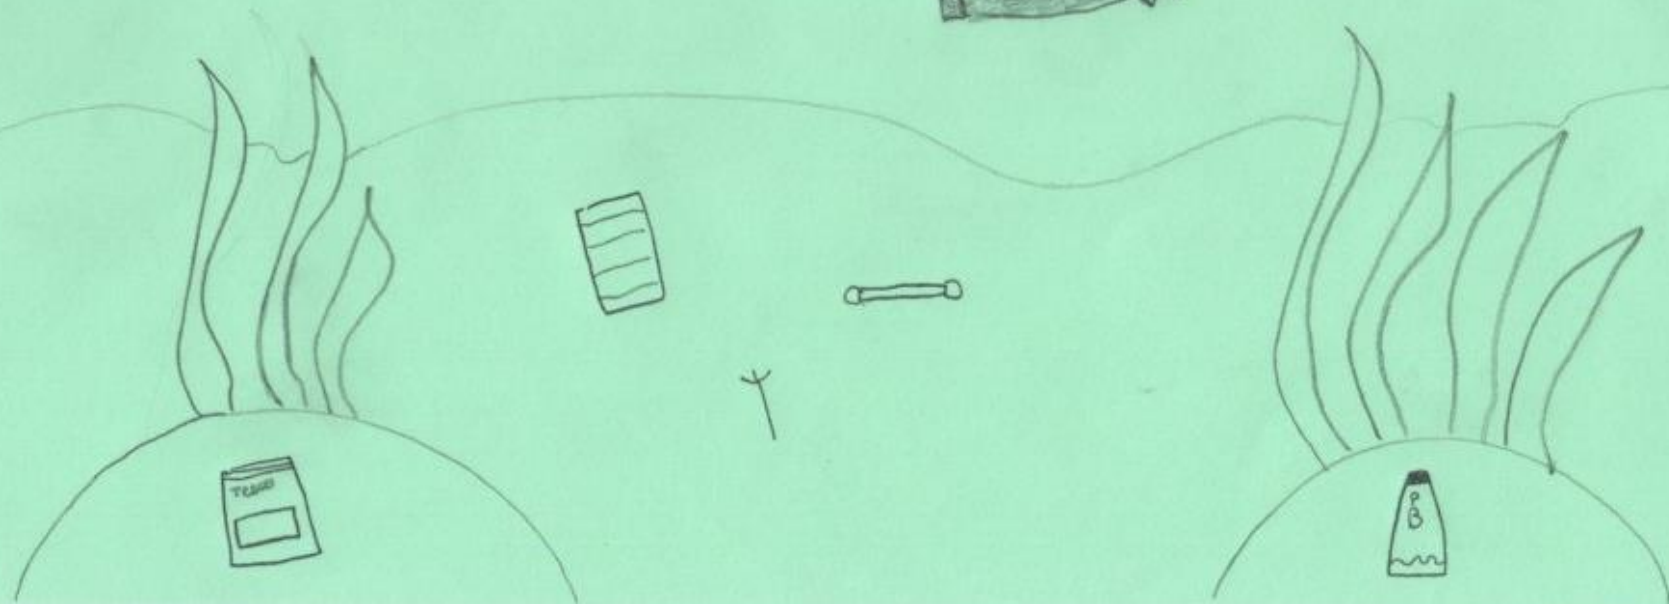

Hattie was a friendly Shark. She loved playing with everyone: fish, turtles and squids. Their favourite games were hide and seek, underwater tag and racing. But best of all they liked searching for unusual objects.

Wow!
Amazing!
Cool!

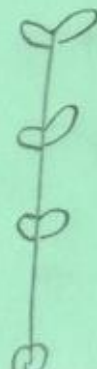

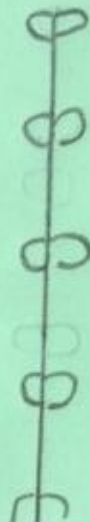

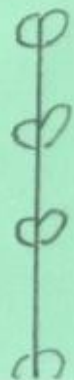

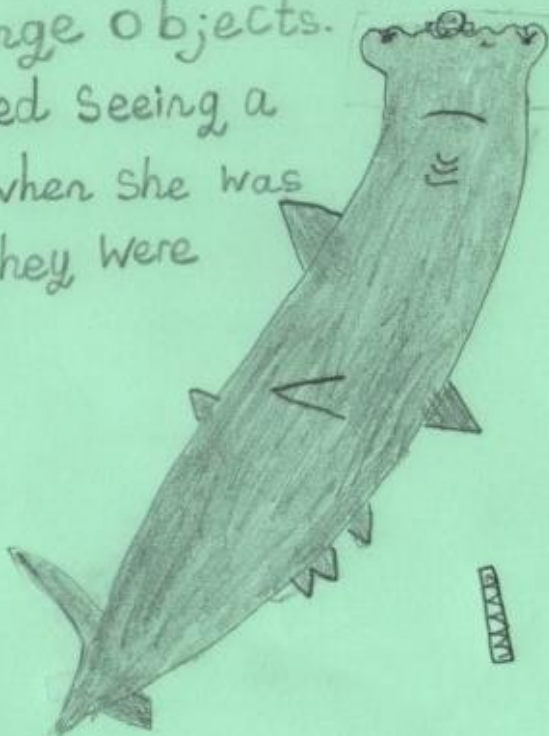

Many years passed. Hattie grew big and strong. But the water was now green and swampy. One day she noticed that some of her family and friends were missing! Hattie was worried, so she decided she would go and search for them.

Hattie spent a long time looking for her friends and family, but they were nowhere to be seen. Instead, she found many strange objects.

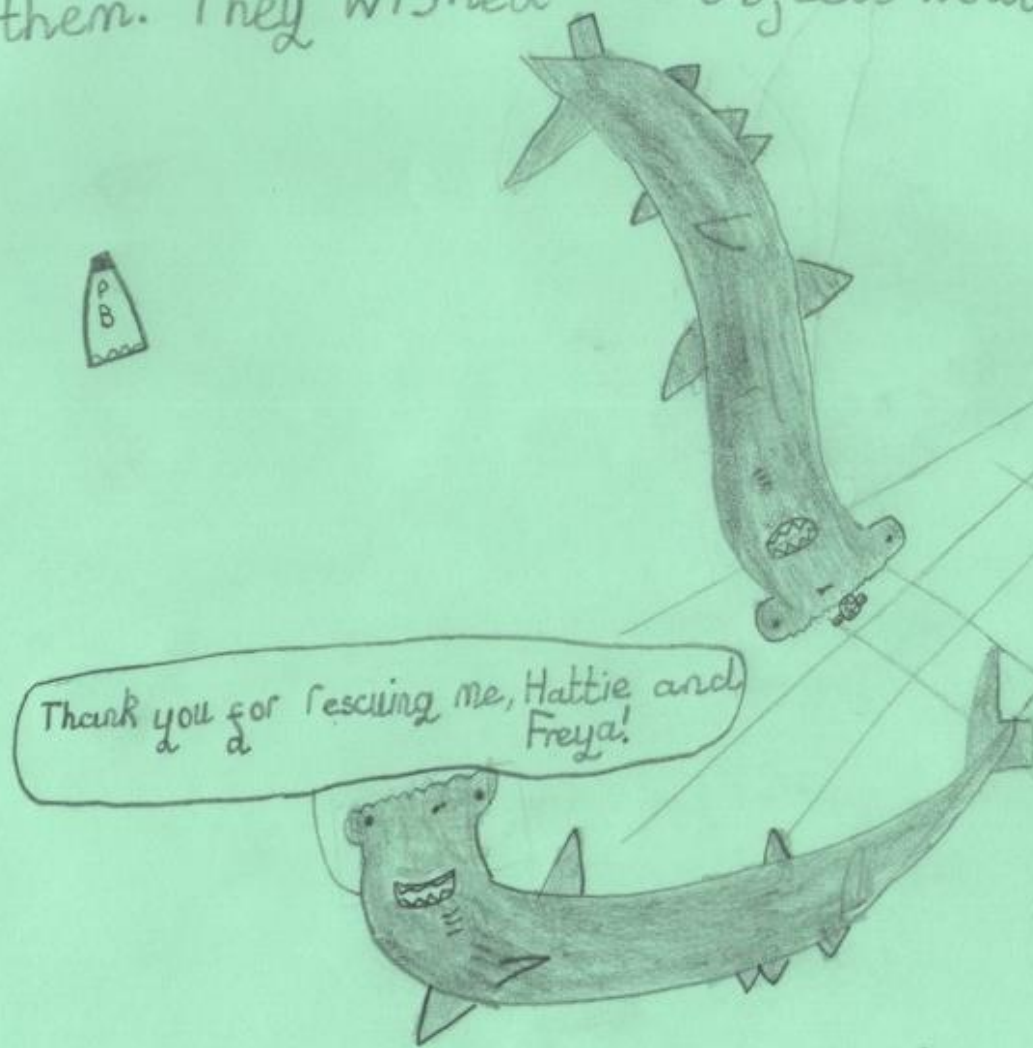

She remembered seeing a few of them when she was little. Now they were everywhere.

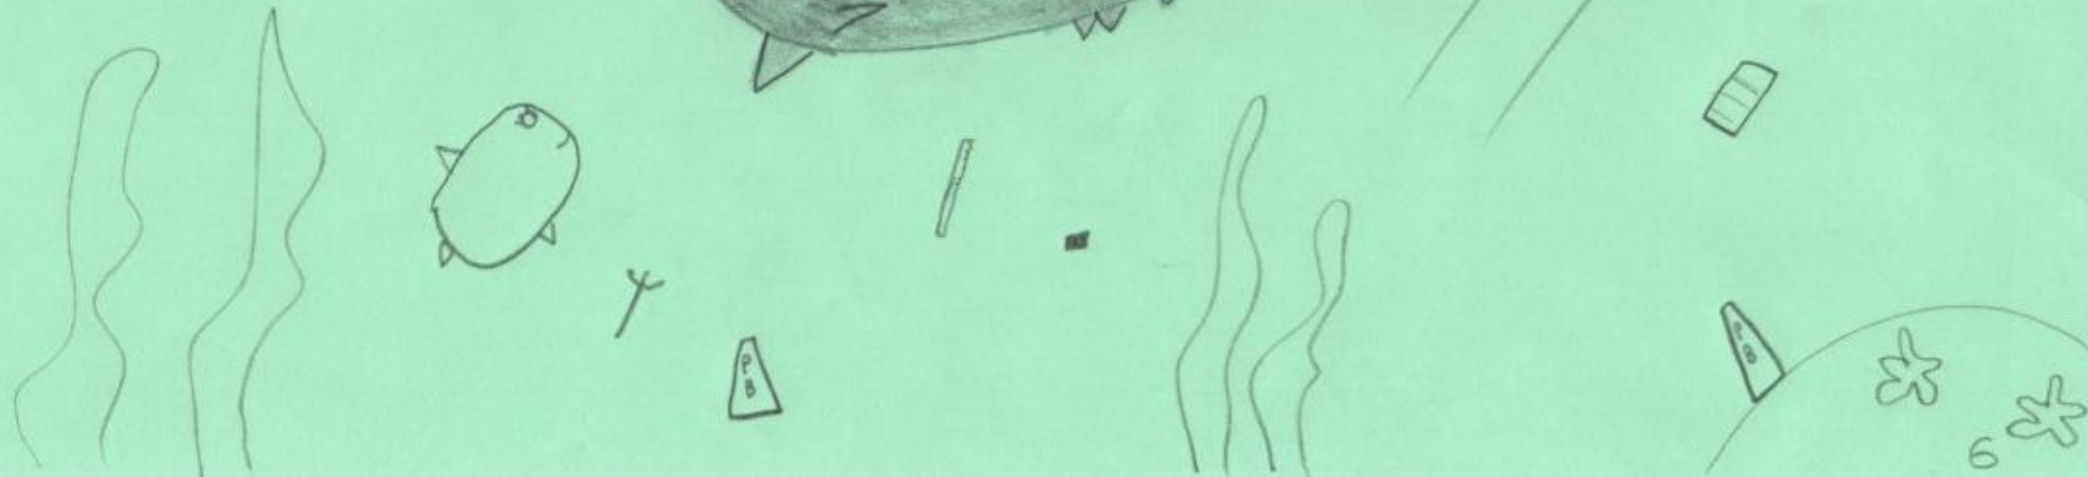

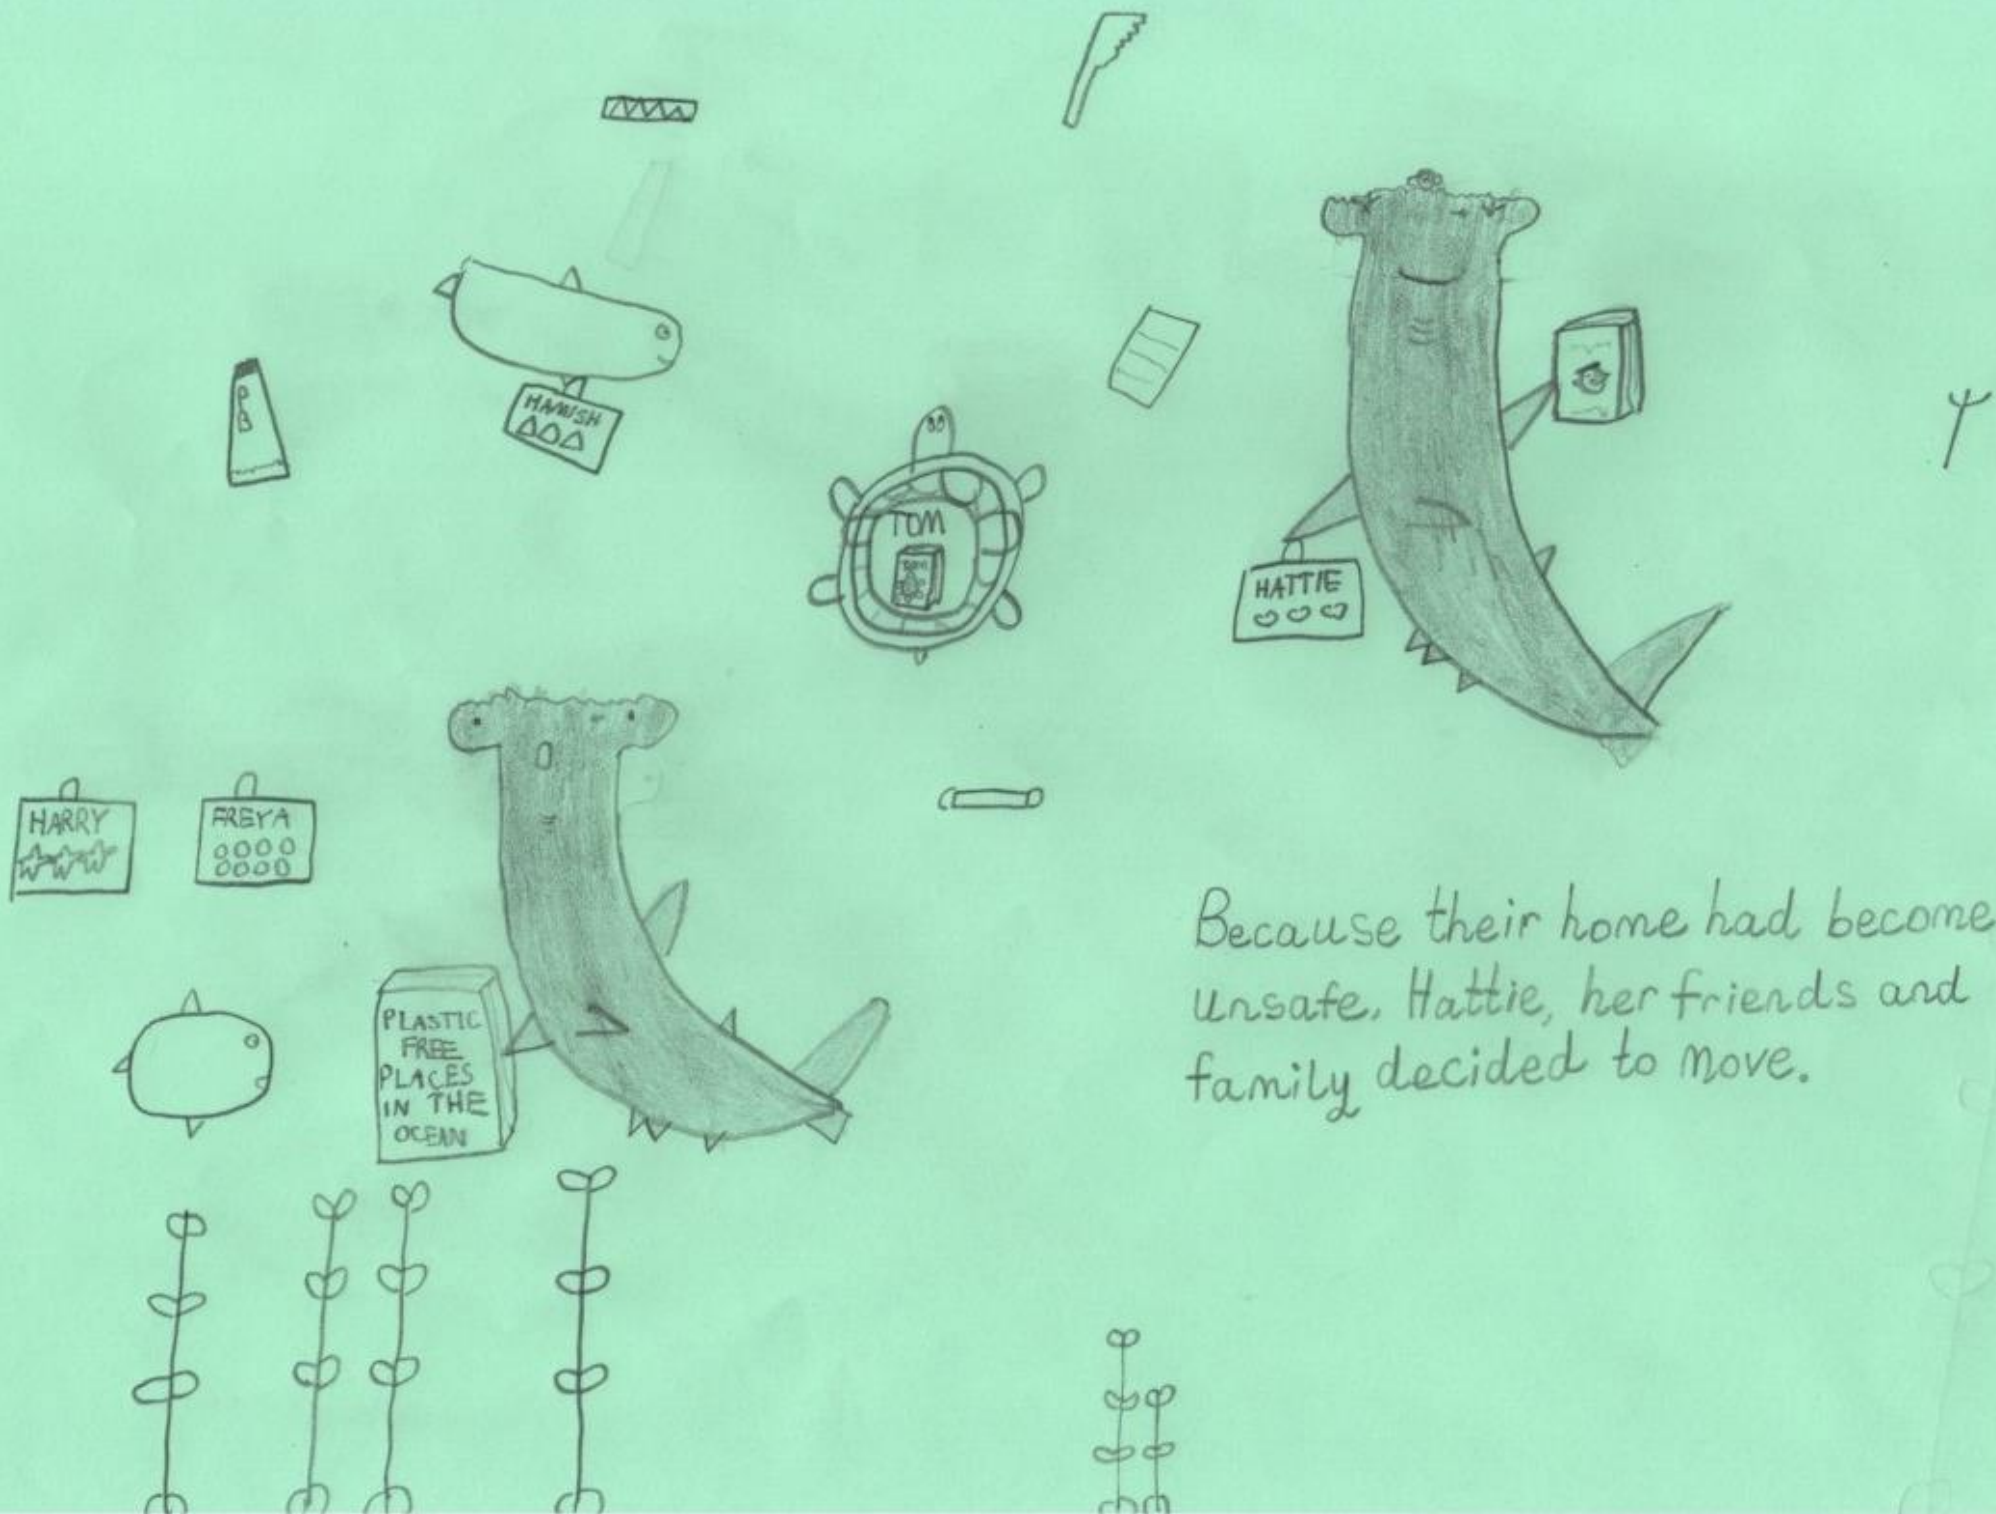

Suddenly, Hattie heard a voice calling "Help!" She swam closer and saw one of her fish friends trapped in a plastic bag. Hattie rescued him. The fish thanked Hattie and they continued the search together.

By the end of the day, Hattie and the fish had rescued more friends and family. They were happy to see each other but worried about all the strange objects around them. They wished the objects would disappear.

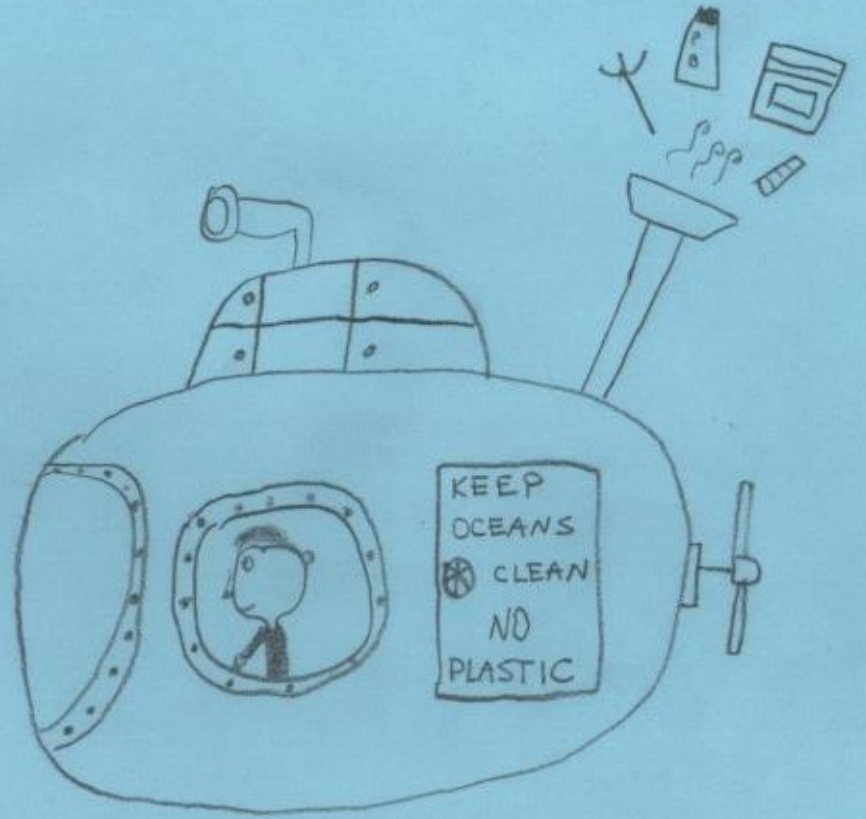

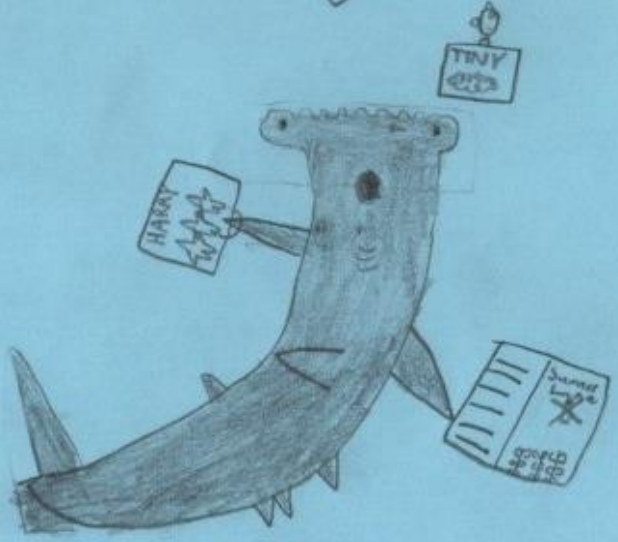

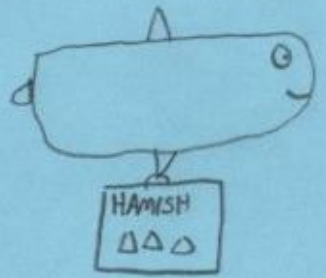

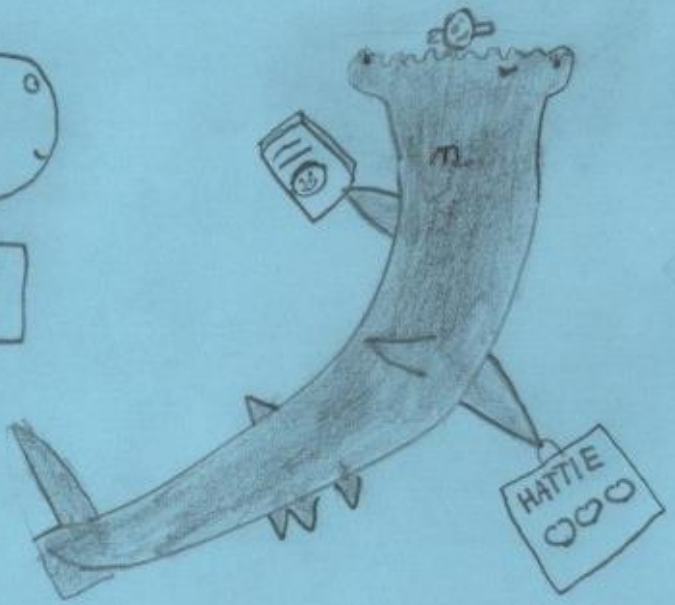

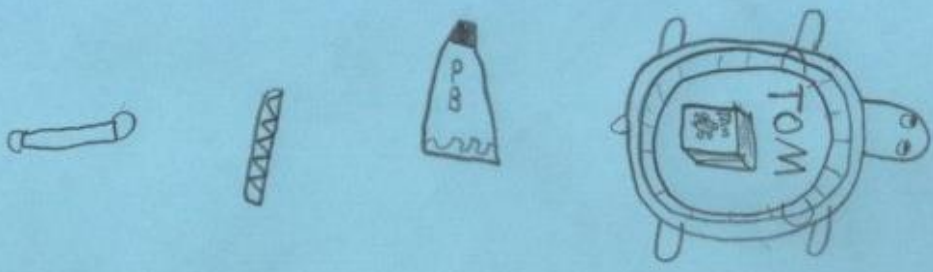

Thank you for rescuing me, Hattie and Freya!

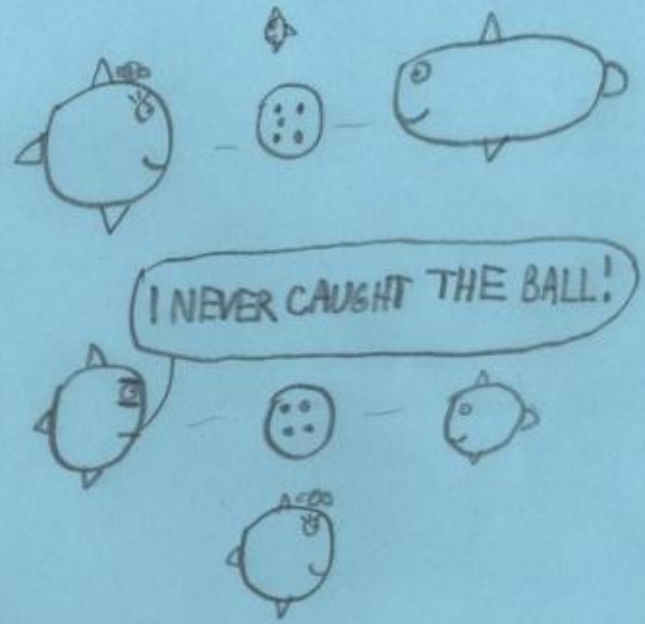

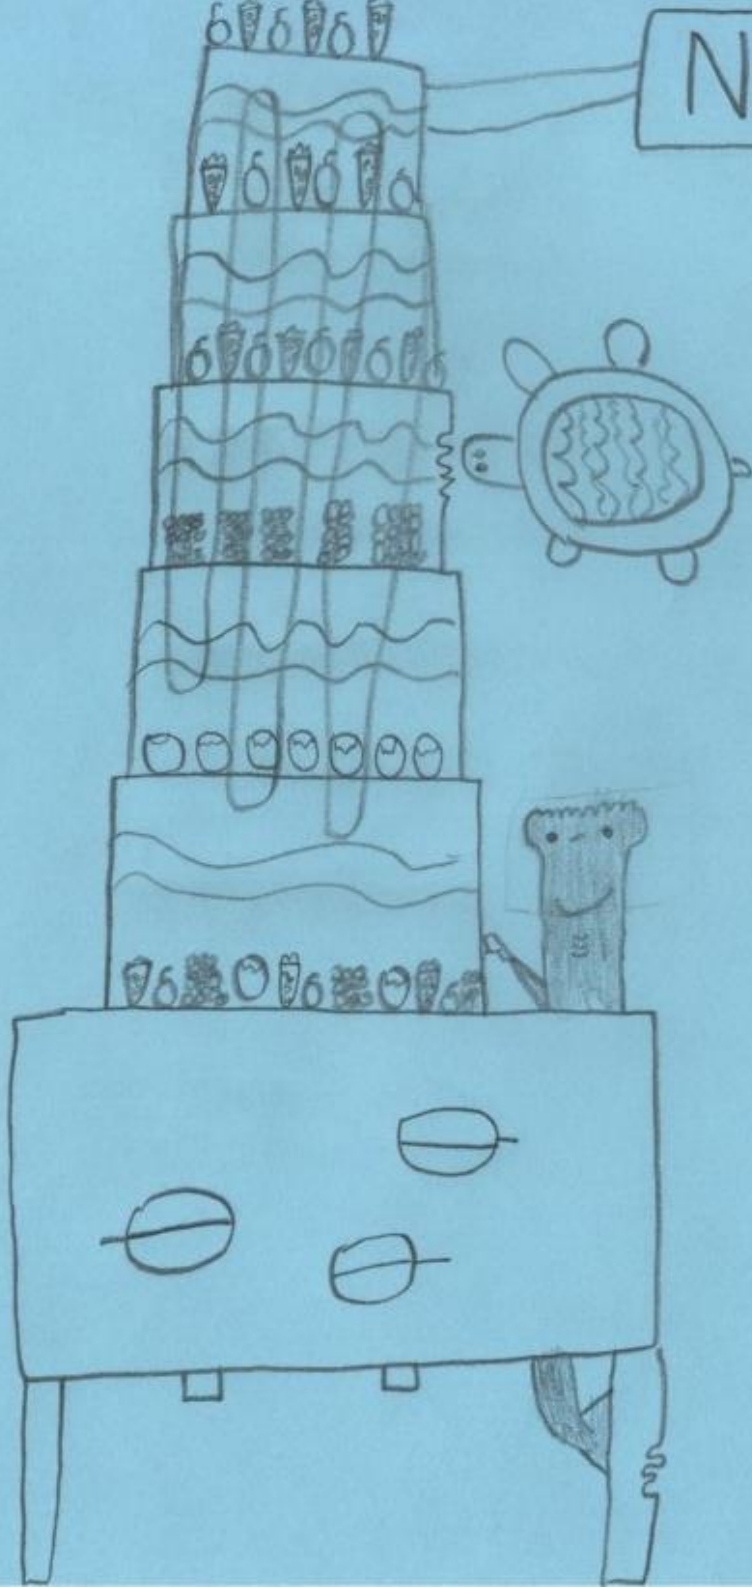

Because their home had become unsafe, Hattie, her friends and family decided to move.

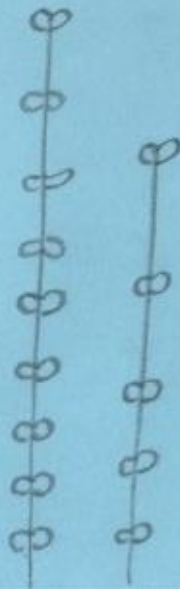

On their way, they all saw a big fish
With arms removing strange objects
from the ocean. Everyone was amazed!

New Home!

I NEVER CAUGHT THE BALL!

After a long Search, Hattie, her friends and family finally found Somewhere to live.

They loved their new Ocean home, which Was blue, Clean and Safe to play.

Blurb

Hattie, her friends and family, live in a beautiful ocean. Slowly, their home is filled with strange objects, making it unsafe for them to stay.

Will Hattie, her friends and family be able to find a new home, free of plastic?

Join Hattie's adventures to find out!
